

Tiffany Hannah, CAMEx, CCAM-ND

Through the past 18 years in the community management industry, it has been an honor to be a part of and to serve the membership as a current CACM board member, as well as being a prior member and past Co-Chair of the Legal Advisory Steering Committee. As Divisional Executive Vice President of a multi-division management company, I have the experience necessary to understand the needs of the community association manager and the benefits that CACM provides its members. My commitment to the continued improvement and positive evolution of this industry will be evident as a CACM Board Member.
